# INNOVATION PNG 2023 CONFERENCE

*An international-standard event bringing the best of new technology, creative solutions and innovative thinking to Papua New Guinea's business community.*

---

Hosted by the Port Moresby Chamber of Commerce and Industry and Business Advantage International, Innovation PNG 2023 follows the highly successful inaugural event, held in 2019.

The only event of its kind in Papua New Guinea, our 2023 conference will provide the opportunity for PNG's wider business and government community to learn from, be inspired by, and engage with the best innovators from PNG and overseas.

The broad spectrum of topics will include developing an innovation culture in your business, how better internet connectivity and cloud services can transform local business, digitisation, AI, e-government and how local entrepreneurs are finding creative ways to solve uniquely PNG challenges.

This year's Innovation Conference will also feature a Gala Awards Dinner, to acknowledge some of PNG's most impressive innovators, as well as a full-scale Expo.

## HOW CAN YOU GET INVOLVED?

- ▶ Become a sponsor or partner
- ▶ Exhibit
- ▶ Purchase tickets for your staff to attend the conference and/or award dinner
- ▶ Enter the Innovation Awards
- ▶ Submit a speaker proposal

## THE VENUE

APEC Haus, Port Moresby,  
Papua New Guinea

## WHO WILL ATTEND?

The conference will appeal to the wider PNG business and government community, from senior managers and business owners, to middle managers and the brightest graduates.
